Investment Objective: The investment objective of the Balanced Fund is to maximise the total return to unitholders, by preserving and growing the real value of investors' capital and income, placing an equal emphasis on the generation of income and on capital growth. The Manager has the power to invest more than 35% in value of the scheme property of the Balanced Fund in government and other public securities. This power is restricted to bonds or other securities issued by the Governments of the United Kingdom or the United States of America.

Return: The historic annual returns of the Fund are recorded in the Key Investor Information Document which is also available on the McInroy & Wood website.

Reporting Periods: 30th April and 31st October
Dividend Distributions: On or before 30th June and 31st December for each reporting period
Ex-Dividend Dates: 1st May and 1st November

McInroy & Wood Balanced Fund

The Balanced Fund may be of interest to larger investors as well as those with relatively modest sums available for investment who might not otherwise economically be able to assemble and maintain a properly diversified international portfolio.

Others to whom the Balanced Fund may be of interest include:-

- ISA investors and those who wish to transfer existing ISAs
- investors in Self Invested Personal Pensions
- trustees and their advisers
- charities

McInroy & Wood Balanced Fund is an authorised unit trust designed as an extension of McInroy & Wood's personal investment management service.

This information sheet is issued by McInroy & Wood Portfolios Limited, an investment management company authorised and regulated by the Financial Conduct Authority. McInroy & Wood Portfolios Limited was formed in 1989 to enable McInroy & Wood Limited (MW), of which it is a wholly owned subsidiary, to offer a pooled investment management service to its clients. This sheet should be read in conjunction with the relevant Key Investor Information Document.

A Word of Caution

You should remember that the price of units and the income from them may go down as well as up. Gains are not necessarily achieved in the short term. Exchange rate fluctuations may also cause the value of an investment to rise and fall. Some of the fund's investments are in the emerging markets which can be subject to risks not normally associated with developed markets. More information about risk may be found in the full Prospectus under "Risk Warnings".
